Unabhängig. Selbstständig. Verantwortungsbewusst.

Seit mehr als 100 Jahren fördert und veredelt die Firmengruppe Dorfner Industrieminerale aus heimatischen Beständen und Lagerstätten in aller Welt. Als unabhängiges und selbstständiges Familienunternehmen liefern wir hochwertige veredelte Industrieminerale wie Kaolin, Quarz, oder Feldspat für die Papier-, Glas-, Keramik-, Baustoff-, Dispersionsfarben-, Kleb- & Verbundwerkstoffindustrie.

Tradition, Kontinuität und Innovation sind dabei die wichtigsten Grundlagen unseres Handelns – sowohl für unsere Kunden als auch unsere Mitarbeiter.

Independent. Self-sufficient. Responsible.

The Dorfner Group has been mining and refining industrial minerals from local stocks and deposits from all over the world for more than 100 years. As an independent and self-supporting family-owned company, we supply high-quality refined industrial minerals such as kaolin, quartz or feldspar to the paper, glass, ceramics, building materials, dispersion paints, adhesives and composite materials industries.

Tradition, continuity and innovation are the ultimate basis for our actions – both for our customers and our employees.
